Subject: FW: phthalates papers - relevant for TSCA

Hi Beth and Erin,

Could you help me gather a list of our phthalates papers to share with OPPT/RAD as they move forward with their phthalates assessments? If you have any ideas for how best to provide those papers – e.g., Sue Makris is leading the scoping for phthalates – let me know.

Sue – have you utilized any of our phthalates work in your scoping activities?

Please include Alexa and Grace on our communications.

-Emma
